

YOUR SUCCESS THROUGH EFFECTIVE MANAGEMENT

ENVIRONMENTAL/ ISO 14001 LEAD AUDITOR

This course will provide you with the knowledge and skills to competently conduct third party audits against ISO 14001.

Topics covered include: management systems, EMS documentation auditing skills, auditing process, audit reports, ISO 14001 in detail, environmental management system requirements, Initial Environmental Review, risk assessments, environmental impacts, reporting and communication, lead auditor specific requirements and the certification process.

Competency based training with activities and mock audit role plays to prove your competence, supported by an abbreviated written exam. Once deemed 'competent', you receive a Certificate of Attainment and automatically qualify as a Provisional EMS Auditor with Exemplar Global, formerly RABQSA.

Course length:

5 days - Lead Auditor Course comprises of Modules AU (2 days), EM (2 days), TL (½ day) and written exam (½ day). Modules AU & TL need not be repeated if they have previously been completed.
